

Allotments A few allotments are available to rent. If you are interested, please contact the Parish Council Clerk – 01564 785145. First year will be rent free.

Hurdlers Lane More tests will be carried out on the foundations of some houses in order to establish the level of insulation. A report will be produced and any necessary remedial action will be taken. However, the serious problem of mould persists in some of the houses.

Snitterfield Sports Club Pat Elliot presented to the Parish Council a leaflet describing the application by the Sports Club for a new club house. The Sports Club will circulate the leaflet to village residents in order to ensure that everyone is fully informed about the proposal.

SACC Tree Planting The Parish Council fully supports SACC's initiative for tree planting in the locality and a group of volunteers will meet in April to plan how to progress the proposal.

Methodist Church The Parish Council continues to object to the proposed use of the Methodist Church as a nursery primarily on the ground of traffic and parking problems that would be caused by parents dropping off and collecting their children and by staff parking for the whole day. The Planning Committee will consider the application on 1 April and the Parish Council will be represented at that meeting to oppose the application.
