

New Parish Council – members of the Parish Council, who had been elected on 2 May, met for the first time on 13 May and elected Paul Blanchard to continue as Chairman.

Snitterfield Village Community Project – John Baldwin and Colin Booth described the arrangement with the charity, Community Heartbeat Trust, that would enable the installation of a Defibrillator in the telephone box, the outside of which has been completely restored by Ole Schmidt-Hansen. The next stage is to discover whether the necessary electricity supply is available and if there is sufficient room for the telephone box also to be used as a book depositary and information exchange.

Hurdler's Lane – the many problems with the houses persist – particularly with doors and windows, mould, drains and damp floors, all caused by bad workmanship. Councillors Blanchard and Cox will meet the Vice Chair of the landlord, Warwickshire Rural Housing Association, in the near future once again to press for urgent action to resolve these issues.

Village Hall – the Village Hall Management Committee is continuing its efforts to raise funds for the planned improvements to the Village Hall and residents are encouraged to donate generously to this very worthwhile cause.
